DOMAINE HERESZTYN-MAZZINI GEVREY-CHAMERTIN VIELLES VIGNES LES "SONGES"

The Domaine Heresztyn-Mazzini is today based on organic growing and biodynamics, as much for vines as vinification, as well as during ageing of the wines. Florence and Simon look for precise and coherent balance from soils through to bottling. This balance is achieved through understanding their terroirs and vines to choose the best options, according to each parcel of vines and each vintage.

They place great importance on respecting nature and the environment and use environmentally friendly pest control. All of the estate's plots are ploughed. To improve the yield, once pruned the vines are de-budded and thinned early by hand and a green harvest may be chosen.

Appellation

AOC Gevrey-Chambertin

Region

Burgundy
Côte de Nuits

Varietals

Pinot Noir

Wine Color

Red

Year of Vine Planting

1926-1952

Terroir

Clay limestone with marl rich in fossilized shells

Surface Area

0.35 hectare
