Grands Échézeaux is one of the most noble climats of Burgundy, located between Clos de Vougeot and Échézeaux. It is renowned for its controlled power, its depth and its singular potential. The soil, very calcareous and rich in stones, gives the wines an incomparable tension and depth. The 2023 vintage marks a historic milestone: it is the first time that Arnaud & Sophie Sirugue-Noblat have signed this Grand Cru under their own name, after having produced it for a long time on behalf of the family estate Robert Sirugue.
A wine of rare intensity, reflecting the maturity and vision of the couple.
Vineyard management: Guyot pruning / approx. 10,000 vines/ha
